

**L8 PROJECT NAME:** Sun oven and water purifier for Gbagada General Hospital  
**LOCATION:** Gbagada

Rotary Club of: Gbagada

**Summary:** The first major project of the Rotary Club of Gbagada was the construction of a 25-bed children's ward at Gbagada General Hospital. Since then, the club seeks to initiate projects that benefit the communities served by the hospital. This project, to provide the hospital with a solar-powered oven and water purifier, will provide much needed equipment for the hospital's kitchen.

**Project budget:**

1 Solar oven (to be sourced from Temple Solar Project, a Rotary Initiative)	\$14,000
1 Newlife water purifier	<u>\$5,000</u>
<b>TOTAL FOR PROJECT</b>	<b>\$19,000</b>

Rotary club of Gbagada will provide	\$500
International Rotary Partner	<u>\$18,500</u>
<b>Total cost to provide equipment for hospital kitchen</b>	<b>\$19,000</b>
