

K9

PROJECT NAME: Mercy Orphanage Home Provisions

LOCATION: Ungwan Romi, Kaduna

Rotary Club of: Kaduna Industrial D-9120

Summary: The community is experiencing many abandoned children and from unwed pregnant girls who were shunned from their families from 10-14 years of age are taken in by the Mercy Orphanage. They can enter at any age and stay until they are in their late teens. Before they let the children leave the orphanage they teach them a trade to be self supporting. The home is in desperate need of the following:

1. Food - bags of rice, salt, vegetable oil, canned tomatoes	US \$2,500.00
2. Toiletries - soap, cream	US 1,500.00
3. Ten sewing machines for teaching the girls a trade	US 4,000.00
4. Clothing	US 500.00
5. Toys	US 2,000.00
6. Incubator	US 2,000.00

Many efforts are being made to involve local Rotarians in the orphanage and with the children. This project is reducing the stigma of being orphaned and has a positive effect on Club membership.

Project Budget: US \$12,500.00 this could be less with a good used incubator and/or sewing machines.
