

N3 PROJECT NAME: **Arakale Health Center, Akure, Maternity Ward Furnishings**

LOCATION: **Lagos Area**

Rotary Club of: **Ijapo**

Summary: The proposed project is to provide furniture and fixtures, and medical supplies to support extension of the community health center consisting of eight units:

Blood Bank Laboratory, Surgical and Delivery Theater, Immunization Antenatal Unit, Family Planning Unit, Nutrition Unit, Pharmacy, and Medical Store. This facility expansion was totally funded by the RC of Ijapo. The cost of the brick and mortar is near \$100,000. The Facility has been donated to the community. The area supported by this health facility consists of six communities which have in aggregate of 50,000 inhabitants and a large market area that enlarges the population each day. The emphasis of this expansion effort is to provide continuing pre-, pari-,

and post-natal care to a diverse, indigent population who are otherwise unskilled in maternal aspects, and to provide learning materials to satisfy the diverse needs of the targeted population. The facility will satisfy the needs of the populace within the south Akure area, as well as those who

utilize the market on a daily basis. The oversight of the utilization of funding will be provided by the RC of Ijapo. The operation of the Maternity Ward will be by externally funded professional health care workers.
