

**N4** PROJECT NAME: Ibadan Handicap School for Deaf, or Mute, Children

LOCATION: Lagos

Rotary Club of: Ibadan

Summary: The proposed project is many faceted. The planned phases are, 1, to repair/rehabilitate existing rooms that were damaged when a storm damaged the facilities, the estimated extent of the

damage is \$13,000. Phase 2 which is estimated at \$4,000, will provide learning materials to satisfy the diverse needs of the targeted student population. The Third and Fourth Phases are projects for the future as funds become available. They include additional toilet facilities, and, fencing to demarcate the property. These phases have not been estimated at this time. Approximately 125 children are affected by this project.

The oversight of the utilization of funding will be provided by the RC of Ibadan. The operation of the Center will be by externally funded professional teachers and health care workers.

Project Budget: \$17,000

The bill of materials is being updated

Need particulars on this project.
